| Hersteller Artikelnummer | F41684-0.08ML                                                                                                                                                                                 |
| Alternativnummer         | NSJ-F41684-0.08ML                                                                                                                                                                             |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 866-895 from the human protein was used as the immunogen for this MUC3B antibody.                                                                                    |
| Produktbeschreibung      | Major glycoprotein component of a variety of mucus gels. Thought to provide a protective, lubricating barrier against particles and infectious agents at mucosal surfaces (By similarity).... |
| Klonalität               | Polyclonal                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q9H195</a>                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                    |
| Antibody Type            | Primary Antibody                                                                                                                                                                              |

|                        |                                                                                                                      |
|------------------------|----------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot: 1:1000,IHC (Paraffin): 1:10-1:50                                                                       |
| Anwendungsbeschreibung | Titration of the MUC3B antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
