| Alternativnummer         | NSJ-F47906-0.08ML                                                                                                                                                                                                   |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                                                          |
| Applikation              | ELISA, IF, WB                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                               |
| Immunogen                | A portion of amino acids 110-141 from the human protein was used as the immunogen for this Oct-4 antibody.                                                                                                          |
| Produktbeschreibung      | Transcription factors containing the POU homeodomain have been shown to be important regulators of tissue-specific gene expression in lymphoid and pituitary differentiation and in early mammalian development.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                          |
| UniProt                  | <a href="#">Q01860</a>                                                                                                                                                                                              |
| Reinheit                 | Purified                                                                                                                                                                                                            |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                          |

|                        |                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                                                                                           |
| Application Verdünnung | Western blot: 1:1000,Immunofluorescence: 1:10-1:50                                                                                                                                         |
| Anwendungsbeschreibung | The stated application concentrations are suggested starting amounts. Titration of the Oct-4 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
