| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, WB                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 185-211 from the human protein was used as the immunogen for this Fas antibody.                                                                                                                                                      |
| Produktbeschreibung      | Fas is a member of the TNF-receptor superfamily. This receptor contains a death domain. It has been shown to play a central role in the physiological regulation of programmed cell death, and has been implicated in the pathogenesis of various malignan... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P25445</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                   |
| Application Verdünnung | Western blot: 1:1000,Immunofluorescence: 1:10-1:50                                                                 |
| Anwendungsbeschreibung | Titration of the Fas antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
