| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | This Ubiquitin antibody was produced from a rabbit immunized with a KLH conjugated synthetic peptide between 25-57amino acids from the N-terminal region of the human protein.                                                                                |
| Produktbeschreibung      | Ubiquitin exists either covalently attached to another protein, or free (unanchored). When covalently bound, it is conjugated to target proteins via an isopeptide bond either as a monomer (monoubiquitin), a polymer linked via different Lys residues o... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P0CG47</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                         |
| Application Verdünnung | Western blot: 1:1000                                                                                                     |
| Anwendungsbeschreibung | Titration of the Ubiquitin antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
