| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | This Lamin A/C antibody was produced from a rabbit immunized with a KLH conjugated synthetic peptide between 465-498 amino acids from the Central region of the human protein.                                                                                |
| Produktbeschreibung      | Lamins are components of the nuclear lamina, a fibrous layer on the nucleoplasmic side of the inner nuclear membrane, which is thought to provide a framework for the nuclear envelope and may also interact with chromatin. Lamin A and C are present in ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P02545</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                         |
| Application Verdünnung | Western blot: 1:500-1000                                                                                                 |
| Anwendungsbeschreibung | Titration of the Lamin A/C antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
