| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A human recombinant protein corresponding to amino acids 1-203 was used as the immunogen for the RAB13 antibody.                                                                                                                                              |
| Produktbeschreibung      | The small GTPases Rab are key regulators of intracellular membrane trafficking, from the formation of transport vesicles to their fusion with membranes. Rabs cycle between an inactive GDP-bound form and an active GTP-bound form that is able to recrui... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1600CT845.37.29]                                                                                                                                                                                                                                             |
| UniProt                  | <a href="#">P51153</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                 |
| Antibody Type          | Primary Antibody                                                                                           |
| Application Verdünnung | Western blot: 1:500-1000                                                                                   |
| Anwendungsbeschreibung | Titration of the RAB13 antibody may be required due to differences in protocols and substrate sensitivity. |
