| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A peptide from within amino acids 1-350 was used as the immunogen for the Src antibody.                                                                                                                                                                       |
| Produktbeschreibung      | Non-receptor protein tyrosine kinase which is activated following engagement of many different classes of cellular receptors including immune response receptors, integrins and other adhesion receptors, receptor protein tyrosine kinases, G protein- co... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1602CT774.225.92]                                                                                                                                                                                                                                            |
| UniProt                  | <a href="#">P12931</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                               |
| Antibody Type          | Primary Antibody                                                                                         |
| Application Verdünnung | Western blot: 1:500-1000                                                                                 |
| Anwendungsbeschreibung | Titration of the Src antibody may be required due to differences in protocols and substrate sensitivity. |
