| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 135-167 from the human protein was used as the immunogen for the INTS6 antibody.                                                                                                                                                     |
| Produktbeschreibung      | Integrator complex subunit 6 is a component of the Integrator complex, a complex involved in the small nuclear RNAs (snRNA) U1 and U2 transcription and in their 3-box-dependent processing. The Integrator complex is associated with the C-terminal doma... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">26512</a>                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9UL03</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                 |
| Antibody Type          | Primary Antibody                                                                                           |
| Application Verdünnung | Western blot: 1:1000-2000                                                                                  |
| Anwendungsbeschreibung | Titration of the INTS6 antibody may be required due to differences in protocols and substrate sensitivity. |
