| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 74-110 from human CD59 was used as the immunogen for the CD59 antibody.                                                                                                                                                              |
| Produktbeschreibung      | Potent inhibitor of the complement membrane attack complex (MAC) action. Acts by binding to the C8 and/or C9 complements of the assembling MAC, thereby preventing incorporation of the multiple copies of C9 required for complete formation of the osmol... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P13987</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                                                                                          |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                                                                                         |
| Application Verdünnung | Western blot: 1:2000                                                                                                                                                                     |
| Anwendungsbeschreibung | The stated application concentrations are suggested starting points. Titration of the CD59 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
