| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FACS, IF, IHC-P, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 95-123 from the human protein were used as the immunogen for the hnRNP R antibody.                                                                                                                                                   |
| Produktbeschreibung      | This gene belongs to the subfamily of ubiquitously expressed heterogeneous nuclear ribonucleoproteins (hnRNPs). The hnRNPs are RNA binding proteins and they complex with heterogeneous nuclear RNA (hnRNA). These proteins are associated with pre-mRNAs ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">O43390</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity purified                                                                                                                                                                                                                                     |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                                                                                            |
| Application Verdünnung | Western blot: 1:1000,Immunohistochemistry (FFPE): 1:50-1:100,Flow cytometry: 1:25 (1x10e6 cells),Immunofluorescence: 1:25                                                                   |
| Anwendungsbeschreibung | The stated application concentrations are suggested starting points. Titration of the hnRNP R antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
