| Artikelname              | NPTX1 Antibody / Neuronal pentraxin 1, Rabbit, Polyclonal                                                                                                              |
| Artikelnummer            | NSJ-F54253-0.08ML                                                                                                                                                      |
| Hersteller Artikelnummer | F54253-0.08ML                                                                                                                                                          |
| Alternativnummer         | NSJ-F54253-0.08ML                                                                                                                                                      |
| Hersteller               | NSJ Bioreagents                                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                             |
| Applikation              | IHC-P, WB                                                                                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                      |
| Immunogen                | A portion of amino acids 322-350 from the human protein were used as the immunogen for the NPTX1 antibody.                                                             |
| Produktbeschreibung      | NPTX1 is a member of the neuronal pentraxin family. Human neuronal pentraxin 1 is similar to rat NP1 which is a binding protein for the snake venom toxin taipoxin.... |
| Klonalität               | Polyclonal                                                                                                                                                             |
| UniProt                  | <a href="#">Q15818</a>                                                                                                                                                 |
| Reinheit                 | Antigen affinity purified                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                             |
| Antibody Type            | Primary Antibody                                                                                                                                                       |

|                        |                                                                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot: 1:1000-1:2000,Immunohistochemistry (FFPE): 1:25-1:50                                                                                                                        |
| Anwendungsbeschreibung | The stated application concentrations are suggested starting points. Titration of the NPTX1 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
