### ALS2CR1 Antibody, Goat, Polyclonal NSJ-R34338-100UG

|                          |                                                                                                                                  |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | ALS2CR1 Antibody, Goat, Polyclonal                                                                                               |
| Artikelnummer            | NSJ-R34338-100UG                                                                                                                 |
| Hersteller Artikelnummer | R34338-100UG                                                                                                                     |
| Alternativnummer         | NSJ-R34338-100UG                                                                                                                 |
| Hersteller               | NSJ Bioreagents                                                                                                                  |
| Wirt                     | Goat                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                       |
| Applikation              | ELISA, IHC, WB                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                            |
| Immunogen                | Amino acids ILSETDRDPLQVV were used as the immunogen for this ALS2CR1 antibody.                                                  |
| Produktbeschreibung      | Additional name(s) for this target protein: Amyotrophic lateral sclerosis 2 (juvenile) chromosome region, candidate 1, NIF3L1... |
| Klonalität               | Polyclonal                                                                                                                       |
| Reinheit                 | Antigen affinity                                                                                                                 |
| Formulierung             | 0.5 mg/ml in 1X TBS, pH7.3, with 0.5% BSA (US sourced) and 0.02% sodium azide                                                    |
| Antibody Type            | Primary Antibody                                                                                                                 |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot: 1-3ug/ml,Immunohistochemistry (FFPE): 2-4ug/ml,ELISA (peptide) LOD: 1:32000 |
| Anwendungsbeschreibung | Optimal dilution of the ALS2CR1 antibody should be determined by the researcher.          |
