| Wirt                     | Mouse                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | A recombinant partial protein (within amino acids 1-193) from the human protein was used as the immunogen for the IL-18 antibody.                                                                                                                              |
| Produktbeschreibung      | Four structurally related IL-1 receptor ligands have been described. These include three agonists designated IL-1Alpha, IL-1beta and IL-1gamma/IL-18 and a specific receptor antagonist, IL-1RAAlpha. IL-1Alpha and IL-1beta play critical roles in the reg... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [IL18/4622]                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q14116</a>                                                                                                                                                                                                                                         |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                           |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide        |
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT,Western blot: 2-4ug/ml  |
| Anwendungsbeschreibung | Optimal dilution of the IL-18 antibody should be determined by the researcher. |
