| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 39-191 from the human protein was used as the immunogen for this PD-L1 antibody.                                                                                                                                                     |
| Produktbeschreibung      | PD-L1 is a checkpoint regulator in immune cells, it is expressed on immune or non-hematopoietic cells. Expression of the protein is seen during pregnancy where it has a role in suppressing the immune system. PD-L1 induces an inhibitory signal in acti... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [PDL1/2745]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">Q9NZQ7</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide     |
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | ELISA (order BSA-free format for coating)                                      |
| Anwendungsbeschreibung | Optimal dilution of the PD-L1 antibody should be determined by the researcher. |
