| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant full-length human protein was used as the immunogen for this ZFYVE28 antibody.                                                                                                                                                                  |
| Produktbeschreibung      | ZFYVE28 belongs to the Ist-2 family. It contains 1 FYVE-type zinc finger. The FYVE-type zinc finger mediates the interaction with phosphatidylinositol 3-phosphate (PI3P) and localization to early endosome membranes when not mono-ubiquitinated at Lys-... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [LST2/2426]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">Q9HCC9</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                  |
|------------------------|----------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide       |
| Antibody Type          | Primary Antibody                                                                 |
| Application Verdünnung | Immunohistochemistry (FFPE): 0.1-0.2ug/ml                                        |
| Anwendungsbeschreibung | Optimal dilution of the ZFYVE28 antibody should be determined by the researcher. |
