| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant human partial protein (amino acids 104-237) was used as the immunogen for the C1QA antibody.                                                                                                                                                    |
| Produktbeschreibung      | C1q, a subcomponent of the classical complement pathway, is composed of nine subunits that mediate classical complement activation and thereby play an important role in the immune response. Six of these subunits are disulfide-linked dimers of chains ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [C1QA/2955]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">P02745</a>                                                                                                                                                                                                                                        |

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| Reinheit               | Protein G affinity chromatography                                             |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide    |
| Antibody Type          | Primary Antibody                                                              |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml, Western blot: 1-2ug/ml                 |
| Anwendungsbeschreibung | Optimal dilution of the C1QA antibody should be determined by the researcher. |
