| Wirt                     | Mouse                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | Gel-Purified p53-beta-galactosidase fusion protein containing murine p53 from amino acids 14-389 was used as the immunogen for the p53 antibody.                                                                                                             |
| Produktbeschreibung      | The specificity of this monoclonal antibody to its intended target was tested by HuProt™ Array, containing more than 19,000, full-length human proteins. PAb240 binds to the C-terminus (aa213-217) of both wild type and mutated p53. Mutation and/or al... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |
| Klon-Bezeichnung         | [PAb240]                                                                                                                                                                                                                                                     |
| UniProt                  | <a href="#">P04637</a>                                                                                                                                                                                                                                       |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                            |

|                        |                                                                              |
|------------------------|------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                               |
| Antibody Type          | Primary Antibody                                                             |
| Application Verdünnung | ELISA (order BSA-free format for coating)                                    |
| Anwendungsbeschreibung | Optimal dilution of the p53 antibody should be determined by the researcher. |
