| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Rat liver cytochrome P450 3A1 was used as the immunogen for the CYP3A1 antibody.                                                                                                                                                                              |
| Produktbeschreibung      | Cytochrome P450 oxidase (commonly abbreviated CYP) is a generic term for a large number of related, but distinct, oxidative enzymes important in vertebrate physiology. The cytochrome P450 mixed-function monooxygenase system is probably the most impor... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P04800</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |
| Formulierung             | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide                                                                                                                                                                                    |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                             |
| Application Verdünnung | ELISA (order BSA-free format for coating),Flow cytometry: 1-2ug/10 <sup>6</sup> cells,Western blot: 1-2ug/ml |
| Anwendungsbeschreibung | Optimal dilution of the CYP3A1 antibody should be determined by the researcher.                              |
