| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 150-250 from the human protein was used as the immunogen for the recombinant Myelin Basic Protein antibody.                                                                                                                          |
| Produktbeschreibung      | Myelin basic protein (MBP) is the second most abundant protein in central nervous system (CNS) myelin: it comprises 30% of the total protein and about 10% of the dry weight of myelin. It is the only structural protein found so far to be essential for... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [MBP/4277R]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">P02686</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A affinity chromatography                                                                         |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                            |
| Antibody Type          | Primary Antibody                                                                                          |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT, Western blot: 2-4ug/ml                            |
| Anwendungsbeschreibung | Optimal dilution of the recombinant Myelin Basic Protein antibody should be determined by the researcher. |
