| Wirt                     | Rabbit                                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | IHC-P                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                            |
| Immunogen                | Recombinant full-length human KRT17 protein was used as the immunogen for the Keratin 17 antibody.                                                                                                                                                               |
| Produktbeschreibung      | Cytokeratin 17 (CK17) is normally expressed in the basal cells of complex epithelia but not in stratified or simple epithelia. Antibody to CK17 is an excellent tool to distinguish myoepithelial cells from luminal epithelium of various glands such as mam... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [KRT17/7155R]                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q04695</a>                                                                                                                                                                                                                                           |

|                        |                                                                                     |
|------------------------|-------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide             |
| Antibody Type          | Primary Antibody                                                                    |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                               |
| Anwendungsbeschreibung | Optimal dilution of the Keratin 17 antibody should be determined by the researcher. |
