| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A synthetic peptide from human AMACR protein was used as the immunogen for the AMACR antibody.                                                                                                                                                                |
| Produktbeschreibung      | AMACR, also known as p504S, is an enzyme that is involved in bile acid biosynthesis and -oxidation of branched-chain fatty acids. AMACR is essential in lipid metabolism. It is expressed in cells of premalignant high-grade prostatic intraepithelial ne... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q9UHK6</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A affinity                                                                                                                                                                                                                                            |
| Formulierung             | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | Western blot: 1:50-1:100,Immunohistochemistry (FFPE): 1:50-1:100               |
| Anwendungsbeschreibung | Optimal dilution of the AMACR antibody should be determined by the researcher. |
