| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 31-274 was used as the immunogen for the TACSTD2 antibody.                                                                                                                                                                           |
| Produktbeschreibung      | TACSTD2 is a cell surface glycoprotein receptor. It is a single pass type I membrane protein containing one thyroglobulin type-1 domain, an epidermal growth factor-like repeat, a phosphatidylinositol binding site and tyrosine phosphorylation sites ne... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [TACSTD2/6394R]                                                                                                                                                                                                                                               |
| UniProt                  | <a href="#">P09758</a>                                                                                                                                                                                                                                        |

|                        |                                                                                  |
|------------------------|----------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                             |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide          |
| Antibody Type          | Primary Antibody                                                                 |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                            |
| Anwendungsbeschreibung | Optimal dilution of the TACSTD2 antibody should be determined by the researcher. |
