| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 258-385 was used as the immunogen for the recombinant Cystic Fibrosis Transmembrane Regulator antibody.                                                                                                                              |
| Produktbeschreibung      | Recognizes a protein of 165-170kDa, identified as cystic fibrosis transmembrane conductance regulator (CFTR). CFTR is composed of two membrane-spanning domains (MSD), two nucleotide-binding domains (NBD), and an R domain. It is structurally similar t... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [rCFTR/6476]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P13569</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A affinity                                                                                                           |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                                                      |
| Antibody Type          | Primary Antibody                                                                                                             |
| Application Verdünnung | Immunohistochemistry (FFPE): 0.5-2ug/ml                                                                                      |
| Anwendungsbeschreibung | Optimal dilution of the recombinant Cystic Fibrosis Transmembrane Regulator antibody should be determined by the researcher. |
