| Alternativnummer         | NSJ-V9339SAF-100UG                                                                                                                                                                                                                                   |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                                                                                           |
| Applikation              | IHC-P                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                |
| Immunogen                | A portion of amino acids 1058-1620 was used as the immunogen for the recombinant ALK antibody.                                                                                                                                                       |
| Produktbeschreibung      | Neuronal receptor tyrosine kinase that is essentially and transiently expressed in specific regions of the central and peripheral nervous systems and plays an important role in the genesis and differentiation of the nervous system. [UniProt]... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                           |
| Klon-Bezeichnung         | [ALK1/6698R]                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9UM73</a>                                                                                                                                                                                                                               |

|                        |                                                                                          |
|------------------------|------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                     |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                           |
| Antibody Type          | Primary Antibody                                                                         |
| Application Verdünnung | Immunohistochemistry (FFPE): 2-4ug/ml                                                    |
| Anwendungsbeschreibung | Optimal dilution of the recombinant ALK antibody should be determined by the researcher. |
