| Wirt                     | Rabbit                                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                     |
| Immunogen                | Recombinant full-length human CDKN1B protein was used as the immunogen for the recombinant p27Kip1 antibody.                                                                                                                                                     |
| Produktbeschreibung      | This MAb recognizes a 27kDa protein, identified as the p27Kip1, a cell cycle regulatory mitotic inhibitor. It functions as a negative regulator of G1 progression and has been proposed to function as a possible mediator of TGF- $\beta$ induced G1 arrest.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [KIP1/1355R]                                                                                                                                                                                                                                                     |
| UniProt                  | <a href="#">P46527</a>                                                                                                                                                                                                                                           |

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                         |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                      |
| Antibody Type          | Primary Antibody                                                                             |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml, Western blot: 2-4ug/ml                                |
| Anwendungsbeschreibung | Optimal dilution of the recombinant p27Kip1 antibody should be determined by the researcher. |
