| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids2351-2475 was used as the immunogen for the Alpha Fodrin antibody.                                                                                                                                                                    |
| Produktbeschreibung      | Spectrin, an actin binding protein that is a major component of the cytoskeletal superstructure of the erythrocyte plasma membrane, is essential in determining the properties of the membrane including its shape and deformability. Spectrins function a... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [SPTAN1/3506]                                                                                                                                                                                                                                                 |
| UniProt                  | <a href="#">Q13813</a>                                                                                                                                                                                                                                        |

|                        |                                                                                       |
|------------------------|---------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                  |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                        |
| Antibody Type          | Primary Antibody                                                                      |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                                 |
| Anwendungsbeschreibung | Optimal dilution of the Alpha Fodrin antibody should be determined by the researcher. |
