| Kategorie                | Antikörper                                                                                                                                                                                                                                                                            |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Guinea pig, Human, Mouse, Rat                                                                                                                                                                                                                                                         |
| Immunogen                | Fusion protein amino acids 1507-1733 (intracellular carboxyl terminus) of rabbit Cav1.2 (accession number P15381) produced recombinantly in E. Coli                                                                                                                                   |
| Konjugation              | FL594                                                                                                                                                                                                                                                                                 |
| Produktbeschreibung      | Our Anti-Cav1.2 Ca <sup>2+</sup> channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone L57/46. It detects guinea pig, human, mouse, and rat Cav1.2 Ca <sup>2+</sup> channel, and is purified by Protein A chromatography. It is great ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                            |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                                             |

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| Klon-Bezeichnung       | [L57/46]                                                   |
| Molekulargewicht       | 240 kDa (varies with cell background due to glycosylation) |
| Isotyp                 | IgG2b                                                      |
| UniProt                | <a href="#">P15381</a>                                     |
| Puffer                 | PBS with 0.09% azide                                       |
| Target-Kategorie       | Cav1.2 Ca <sup>2+</sup> channel                            |
| Antibody Type          | Primary Antibody                                           |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography               |
