| Immunogen                | Fusion protein amino acids 598-709 of rat NGL-3 (Leucine-rich repeat-containing 4B protein (Lrrc4B), accession number XP_218615)<br>produced recombinantly in E. Coli                                                                          |
| Konjugation              | FL550                                                                                                                                                                                                                                          |
| Produktbeschreibung      | Our Anti-NGL-3/LRRC4B mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N51/6. It detects mouse and rat NGL-3/LRRC4B, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                     |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                      |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N51/6]                                      |
| Molekulargewicht       | 100 kDa                                      |
| Isotyp                 | IgG1                                         |
| UniProt                | <a href="#">P0CC10</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | NGL-3/LRRC4B                                 |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
