| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Guinea pig, Human, Mouse, Rat                                                                                                                                                                                                                                 |
| Immunogen                | Synthetic peptide amino acids 827-845 (SKAESSSKRSFMGPSLKKL) of human TrpC5 (accession number Q9UL62)                                                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our carrier-free Anti-TrpC5 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N67/15. It is KO validated, detects guinea pig, human, mouse, and rat TrpC5, and is purified by Protein A chromatography. It is grea... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N67/15]                                     |
| Molekulargewicht       | 110 kDa                                      |
| Isotyp                 | IgG2b                                        |
| UniProt                | <a href="#">Q9UL62</a>                       |
| Puffer                 | PBS                                          |
| Target-Kategorie       | TrpC5                                        |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
