| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Synthetic peptide amino acids 47-64 (ASSLGAHHHHFHGSSKH, extracellular N-terminus) of rat Neurexin-1-Beta (accession number Q63373)                                                                                                                            |
| Konjugation              | FL490                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Our Anti-Neurexin-1-Beta (staining) mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N170A/1. It detects human and mouse Neurexin-1-Beta (staining), and is purified by Protein A chromatography. It is great for... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N170A/1]                                    |
| Molekulargewicht       | 50 kDa                                       |
| Isotyp                 | IgG1                                         |
| UniProt                | <a href="#">P58400</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | Neurexin-1-Beta (staining)                   |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
