| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                                                    |
| Immunogen                | Fusion protein amino acids 203-323 (cytoplasmic C-terminus) of rat TARPGamma2 (accession number Q71RJ2) produced recombinantly in E. Coli                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our carrier-free Anti-TARPGamma2/Stargazin mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N245/1. It is KO validated, detects mouse and rat TARPGamma2/Stargazin, and is purified by Protein A chromatography. ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |

|                        |                                              |
|------------------------|----------------------------------------------|
| Konzentration          | 1 mg/mL                                      |
| Klon-Bezeichnung       | [N245/1]                                     |
| Molekulargewicht       | 36 kDa                                       |
| Isotyp                 | IgG2a                                        |
| UniProt                | <a href="#">Q71RJ2</a>                       |
| Puffer                 | PBS                                          |
| Target-Kategorie       | TARPGamma2/Stargazin                         |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
