| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                           |
| Wirt                     | Mouse                                                                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                                                                        |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                      |
| Immunogen                | Fusion protein amino acids 2129-2696 (C-terminus) of human NSD1 (accession number Q96L73) produced recombinantly in E. Coli                                                                                                       |
| Konjugation              | Unconjugated                                                                                                                                                                                                                      |
| Produktbeschreibung      | Our Anti-NSD1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N312/10. It detects human and mouse NSD1, and is purified by Protein A chromatography. It is great for use in ICC, WB.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                        |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                           |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Klon-Bezeichnung       | [N312/10]                                                       |
| Molekulargewicht       | 300 kDa                                                         |
| Isotyp                 | IgG2b                                                           |
| UniProt                | <a href="#">Q96L73</a>                                          |
| Puffer                 | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.125 |
| Target-Kategorie       | NSD1                                                            |
| Antibody Type          | Primary Antibody                                                |
| Application Verdünnung | Dilution Range: WB: 1:1000                                      |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography                    |
