| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Fusion protein amino acids 554-574 (cytoplasmic C-terminus) of human AMIGO-1 (accession number Q86WK6) produced recombinantly in E. Coli                                                                                                                      |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our Anti-AMIGO-1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone L86/36. It is KO validated, detects human, mouse, and rat AMIGO-1, and is purified by Protein A chromatography. It is great for use in IHC, ICC... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Klon-Bezeichnung       | [L86/36]                                                        |
| Molekulargewicht       | 60-80 kDa depending on maturity/glycosylation                   |
| Isotyp                 | IgG1                                                            |
| UniProt                | <a href="#">Q80ZD8</a>                                          |
| Puffer                 | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.125 |
| Target-Kategorie       | AMIGO-1                                                         |
| Antibody Type          | Primary Antibody                                                |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography                    |
