| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                                                                            |
| Immunogen                | Fusion protein amino acids 1-215 (full-length) of rat Navbeta3 (accession number Q9JK00) produced recombinantly in E. Coli                                                                                                                                                            |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                                          |
| Produktbeschreibung      | Our carrier-free Anti-Navbeta3 Na <sup>+</sup> channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N396/29. It detects mouse and rat Navbeta3 Na <sup>+</sup> channel, and is purified by Protein A chromatography. It is great for ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                            |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                                               |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N396/29]                                    |
| Molekulargewicht       | 40 kDa                                       |
| Isotyp                 | IgG2b                                        |
| UniProt                | <a href="#">Q9JK00</a>                       |
| Puffer                 | PBS                                          |
| Target-Kategorie       | Navbeta3 Na+ channel                         |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
