| Applikation              | ICC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                                                    |
| Immunogen                | Fusion protein amino acids 1-219 (cytoplasmic N-terminus) of mouse Kv6.4 (accession number Q80XM3) produced recombinantly in E. Coli                                                                                                                          |
| Konjugation              | FL490                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Our Anti-Kv6.4 potassium channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N458/10. It detects mouse and rat Kv6.4 potassium channel, and is purified by Protein A chromatography. It is great for use in ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N458/10]                                    |
| Molekulargewicht       | 60-80 kDa                                    |
| Isotyp                 | IgG2a                                        |
| UniProt                | <a href="#">Q80XM3</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | Kv6.4 potassium channel                      |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
