| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                                                                |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                         |
| Immunogen                | Fusion protein amino acids 1-60 (extracellular N-terminus) and 82-142 (cytoplasmic C-terminus) of human MiRP4 (accession number Q9UJ90) produced recombinantly in E. Coli                                                                 |
| Konjugation              | Unconjugated                                                                                                                                                                                                                              |
| Produktbeschreibung      | Our Anti-MiRP4 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N472/88. It detects human, mouse, and rat MiRP4, and is purified by Protein A chromatography. It is great for use in ICC, WB.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                   |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Klon-Bezeichnung       | [N472/88]                                                       |
| Isotyp                 | IgG2a                                                           |
| UniProt                | <a href="#">Q9UJ90</a>                                          |
| Puffer                 | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.125 |
| Target-Kategorie       | MiRP4                                                           |
| Antibody Type          | Primary Antibody                                                |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography                    |
