| Wirt                     | Mouse                                                                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                                                                           |
| Applikation              | ELISA, ICC, IHC                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                           |
| Immunogen                | Fusion protein amino acids 360-434 (cytoplasmic C-terminus) of mouse Kir2.4 (accession number Q8JZN3) produced recombinantly in E. Coli                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                                         |
| Produktbeschreibung      | Our Anti-Kir2.4 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N465/11. It detects mouse and rat Kir2.4, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                           |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                              |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Klon-Bezeichnung       | [N465/11]                                                       |
| Molekulargewicht       | 47 kDa                                                          |
| Isotyp                 | IgG1                                                            |
| UniProt                | <a href="#">Q8JZN3</a>                                          |
| Puffer                 | 10 mM Tris, 50 mM Sodium Chloride, 0.065% Sodium Azide pH 7.125 |
| Target-Kategorie       | Kir2.4                                                          |
| Antibody Type          | Primary Antibody                                                |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography                    |
