| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Equine, Goat, Guinea pig, Human, Mouse, Rabbit, Rat, Zebrafish                                                                                                                                                                                |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human RUVBL1                                                                                                                                                                   |
| Produktbeschreibung      | RUVBL1 possesses single-stranded DNA-stimulated ATPase and ATP-dependent DNA helicase (3 to 5) activity. It is the component of the NuA4 histone acetyltransferase complex which is involved in transcriptional activation of select genes principally by ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 50kDa                                                                                                                                                                                                                                                         |
