| Spezies Reaktivität      | Bovine, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                             |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human RNF130                                                                                                                                                                   |
| Produktbeschreibung      | RNF130 contains a RING finger motif and is similar to g1, a Drosophila zinc-finger protein that is expressed in mesoderm and involved in embryonic development. The expression of the mouse counterpart was found to be upregulated in myeloblastic cells ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 46kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">55819</a>                                                                                                                                                                                                                                         |

|              |                                                                                                   |
