| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                 |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human GJB1                                                                                                                                                                     |
| Produktbeschreibung      | This gene encodes for a Connexin 32 protein. A large Charcot-Marie-Tooth disease family has been identified with a novel mutation in the Cx32 P2 promoter region at position -526bp. Cx32 mutants that are associated with a CNS phenotype may have toxic ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 31kDa                                                                                                                                                                                                                                                         |
