## Product Datasheet

### **CIRBP Antibody - middle region** **ASB-ARP40348\_P050**

|                          |                                                                                                                                               |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | CIRBP Antibody - middle region                                                                                                                |
| Artikelnummer            | ASB-ARP40348_P050                                                                                                                             |
| Hersteller Artikelnummer | ARP40348_P050                                                                                                                                 |
| Alternativnummer         | ASB-ARP40348_P050-25UL,ASB-ARP40348_P050-100UL                                                                                                |
| Hersteller               | Aviva                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                              |
| Applikation              | WB                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Guinea pig, Human, Porcine, Rat                                                                                               |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human CIRBP                                                        |
| Produktbeschreibung      | CIRBP contains 1 RRM (RNA recognition motif) domain. It seems to play an essential role in cold-induced suppression of cell proliferation.... |
| Klonalität               | Polyclonal                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                     |
| Molekulargewicht         | 19kDa                                                                                                                                         |
| NCBI                     | <a href="#">1153</a>                                                                                                                          |
| UniProt                  | <a href="#">Q14011</a>                                                                                                                        |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
