| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                 |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human GEM                                                                                                                                                                      |
| Produktbeschreibung      | GEM belongs to the RAD/GEM family of GTP-binding proteins. It is associated with the inner face of the plasma membrane and could play a role as a regulatory protein in receptor-mediated signal transduction.The protein encoded by this gene belongs to ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 33kDa                                                                                                                                                                                                                                                         |
