| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat                                                                                                                                                                                        |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human NDRG2                                                                                                                                                                    |
| Produktbeschreibung      | NDRG2AAs gene is a member of the N-myc downregulated gene family which belongs to the alpha/beta hydrolase superfamily. NDRG2 is a cytoplasmic protein that may play a role in neurite outgrowth. Its gene may be involved in glioblastoma carcinogenesis.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 39kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                   |
