| Hersteller               | Vector Biolabs                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Members of the protein kinase C (PKC) family play a key regulatory role in a variety of cellular functions including cell growth, differentiation, gene expression, and hormone action. PKCs are protein serine/threonine kinases whose activities are dep... |
| Konzentration            | 1x10 <sup>10</sup> PFU/ml                                                                                                                                                                                                                                     |
| Puffer                   | DMEM, 2% BSA, 2.5% Glycerol                                                                                                                                                                                                                                   |
