| Immunogen                | Synthesized acetyl-peptide from human protein at AA range: 320-390                                                                                                                                                                                            |
| Produktbeschreibung      | This gene encodes a member of the GATA family of zinc-finger transcription factors that are named for the consensus nucleotide sequence they bind in the promoter regions of target genes. The encoded protein plays an essential role in regulating trans... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
