Human Thymidinephosphorylase (TP) ELISA Kit ASC-KTE60110

Artikelname	Human Thymidinephosphorylase (TP) ELISA Kit
Artikelnummer	ASC-KTE60110
Hersteller Artikelnummer	KTE60110
Alternativnummer	ASC-KTE60110-48, ASC-KTE60110-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Thymidinephosphorylase (TP) ELISA Kit employs a two-site sandwich ELISA to quantitate TYMP....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	TYMP
NCBI	1890
UniProt	P19971
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung	This Human Thymidinephosphorylase (TP) ELISA Kit employs a two-site sandwich ELISA to quantitate TYMP in samples. An antibody specific for TYMP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TYMP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TYMP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TYMP bound in the initial step. The color development is stopped and the intensity of the color is measured.
