Human Pepsin (PG) ELISA Kit ASC-KTE61240

Artikelname	Human Pepsin (PG) ELISA Kit
Artikelnummer	ASC-KTE61240
Hersteller Artikelnummer	KTE61240
Alternativnummer	ASC-KTE61240-48, ASC-KTE61240-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Pepsin (PG) ELISA Kit employs a two-site sandwich ELISA to quantitate PG....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	PG
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung	This Human Pepsin (PG) ELISA Kit employs a two-site sandwich ELISA to quantitate PG in samples. An antibody specific for PG has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PG present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PG is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PG bound in the initial step. The color development is stopped and the intensity of the color is measured.
