| Kategorie                | Kits/Assays                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                   |
| Produktbeschreibung      | This Mouse Glia-Derived Nexin (SERPINE2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.312-20ng/mL                                                                                                                                                                                                                                           |
| Sensitivitaet            | 0.112ng/mL                                                                                                                                                                                                                                              |
| Proben                   | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                           |
| Target-Kategorie         | Mouse Glia-Derived Nexin (SERPINE2)                                                                                                                                                                                                                     |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                    |
