| Kategorie                | Kits/Assays                                                                                                                                                                                                                                        |
| Applikation              | ELISA                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                              |
| Produktbeschreibung      | This Human Squalene Epoxidase (SQLE) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.312-20ng/mL                                                                                                                                                                                                                                      |
| Sensitivitaet            | 0.118ng/mL                                                                                                                                                                                                                                         |
| Proben                   | tissue homogenates, cell lysates and other biological fluids                                                                                                                                                                                       |
| Target-Kategorie         | Human Squalene Epoxidase (SQLE)                                                                                                                                                                                                                    |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                               |
