| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Equine                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | This Equine Transforming Growth Factor Beta 3 (TGFb3) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological... |
| Detektionsbereich        | 125-8000pg/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 31pg/mL                                                                                                                                                                                                                                                       |
| Proben                   | serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                        |
| Target-Kategorie         | Equine Transforming Growth Factor Beta 3 (TGFb3)                                                                                                                                                                                                              |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
